

Genetic Health &  
Research Centre

# PLAN YOUR CAREER IN GENETICS THE RIGHT WAY.

## Workshop on Genetic Health Assessment

Institute of Medical Genetics,  
Nashik

[www.geneticsindia.com](http://www.geneticsindia.com)

# ABOUT THE COURSE

This workshop will help participants enhance their clinical skills and add value to the health care provided in their own clinical set-up. Those interested in pursuing a career in medical/ clinical genetics will better understand the scope of practice in genetic healthcare, helping them make informed decisions.

In this workshop at the Institute of Medical Genetics, you will learn:

- Recording genetic history
- Physical examination
- Pedigree charting
- Risk assessment
- Identifying the pattern of inheritance of genetic disorder(s) in a family
- Assessment for relevant genetic tests to be done with possible outcomes

## Benefits to participants:

- At the end of the workshop participants will be able to evaluate any genetic case and analyse it for potential management and care options.
- Every successful participant will be certified by GHRC.
- Participants will be able to prepare themselves for higher and technical education in the area of medical genetics and gene-based therapeutics.
- Doctors and healthcare professionals can implement the skills they learn in this program into their practice directly.

## Eligibility:

Professionals in any of the following relevant fields may apply for the genetic counseling course:

- Medicine
  - MD (Obstetrics & Gynaecology, Paediatrics, Pathology, Radiology, Anatomy)
- Human Genetics, Biotechnology, Biochemistry, or related core and hybrid biology degree programs

# HOW TO APPLY?

1

Fill in the application form on the URL  
<https://geneticsindia.com/courses/genetic-health-assessment-workshop/>

2

Applicants will receive a notification via email and phone once their application is processed. This is done within 5 days from the date of filling the form.

3

Applicants will have to pay a one-time course fee of **Rs 12,000/-** within 3 days of the notification of application acceptance.

# ABOUT INSTITUTE OF MEDICAL GENETICS

Institute of Medical Genetics, a venture of Genetic health and Research Centre (GHRC), Nashik, is a genetics education organization committed to empowering and enabling medical and non-medical biology professionals in the field of medical genetics. We offer training programs, certificate courses, and workshops in areas of genetic counseling, medical genetics, laboratory genetics, reproductive genetics, and bioinformatics.

**Dr. Dnyandeo Chopade**

MBBS, MS,  
PGC (Reproductive and child health,  
PhD (Medical Genetics)

**Sandesh Chopade**

B.Tech (Bioengineering),  
MSc (Genetics of Human Diseases)
